**DETAILED ACTION**  
**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Jeff Bamber on July 29, 2005.

The application has been amended as follows:

At line 1 of claim 21, [25] was replaced with ---19---.

***Allowable Subject Matter***

1. Claims 1-21 are allowed.
2. The following is an examiner's statement of reasons for allowance: These are method claims, so the intended use, as a rinse aid, base or additive for an automatic dishwashing composition, is afforded patentable weight. The closest prior art of record is WO 00/56851 and GB 2,354,771. The PCT discloses automatic dishwashing compositions comprising zinc salts. The zinc salts are preferably organic, and zinc oxide is not disclosed. In addition, the disclosed compositions are highly alkaline. The GB discloses bactericide compositions which may be incorporated into cleaning compositions. Although the reference is largely drawn to laundry compositions, use in

hard surface cleaning compositions is mentioned, although automatic dishwashing compositions are not. Zinc oxide is disclosed as one bactericide in a list of approximately 1500 such. The pH of the compositions is not specifically disclosed, and the compositions appear, on the whole, to be slightly alkaline. On the whole, it would not be obvious to formulate rinse aids, bases or additives for automatic dishwashing compositions as presently claimed based on the teachings of this reference.

3. The examiner notes that applications 10/738,888 and 10/738,569 are closely

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
